Sunlight woke you up at ten
Midnight passed you by again
But you're still the same
And the years seem to fly like time
You've been walking the white line
But you want to change
So long I love you dearly
I've got to go away tonight
I don't know quite what to say
Stupid Friday
And now all my words are gone
I've swallowed every single one
Didn't have to be this way
Stupid Friday
No more speaking from the heart
No more hiding from the past
Gonna go home
Pretty boy don't think you're so tough
Pretty boy not pretty enough
Now you've gone too far
So long I love you dearly
I've got to go away tonight
I don't know what words to say
Stupid Friday
And now all my words are gone
I've swallowed every single one
Didn't have to be this way
Stupid Friday
It's the only way
That you learn to live
We can only pray
So long I love you dearly
I've got to go away tonight
I don't know what words to say
Stupid Friday
And now all my words are gone
I've swallowed every single one
Didn't have to be this way
Stupid Friday
