Sometimes I cant decide
If you are real or just in my mind
Got the rush from a dirty dream
You're like nothing I've ever seen

Always meet up by the same streets
Every day's like trick or treat
Always so strange and yet so sweet
Wonderfreak

Inside and outside too
I'm a mess when I'm without you
You're a knife that'll stab regret
You're a secret that must be kept

Always meet up by the same streets
Every day's like trick or treat
Always so strange and yet so sweet
Wonderfreak

I'm closer to the sun
When you put your arms around me
Coz your the only one
That can make my day seem complete

Always meet up by the same streets
Every day's like trick or treat
Always so strange and yet so sweet
Wonderfreak

Wonderfreak
Always so strange and yet so sweet
