Earth doesn't come alone, now does it?
Present perfect tense
So you made yourself a new world
Where even strangers make more sense
I pay the pain up right straight ahead
And with the beat
You can ease yourself into the light
Or keep that record on repeat

What if I loved you?
What if I loved you?
What if I loved you?
Everblue
Everblue

Fought away the sleepless hours
Unsettled dreams will make you keep
You can paint them all your brilliant colors
Just don't fall off into the deep

Happiness is not a burden
Oh, how the pendulum will swing
I have felt the ground, I've seen the seeds
Out of which grew golden wings

What if I loved you?
What if I loved you?
What if I loved you?
Everblue
Everblue

High above the stars are dancin'
To a soul, one bird is singin'
And if you, my Everblue

What if I loved you?
What if I loved you?
You know I love you
My Everblue
Everblue
Everblue
Everblue
