I remember the time
That I was afraid to let go
'Til the day I met you

I used to sit alone
My happiness had gone
I saw you and my heart flew open
Now every day, I gotta let you know

Chorus
I'm standing here right now
I'll never let you down
I'll give my everything
Cause I want you to feel me
I'll open up to you
I know your heart is true
I'll save myself for you
Cause I want you to feel me

Mmm...yeah (yeah)

I can see the difference you made
Leaving in the rain your sunshine
From now on
I promise not to let you go

You'll never be alone
My heart is now your home
We'll share so many words unspoken
Each and every day
I gotta let you know

Chorus
I'm standing here right now
I'll never let you down
I'll give my everything
Cause I want you to feel me
I'll open up to you
I know your heart is true
I'll save myself for you
Cause I want you to feel me

Hey, no, oh no
Hey, oh baby

You know you're never alone
I'll be there right by your side
(Right by your side)
Follow me I found someone (who's gonna love me)
To be the love in my life
It's gonna be you

I feel you, you feel me
We feel it, babe
I want you, you want me
Want you inside

The best bits in me
I wanna give to you
And I want to let it show
Cause it feels so good
To feel this way
I want you to know, oh baby, oh

Chorus
I'm standing here right now
I'll never let you down
I'll give my everything
Cause I want you to feel me
I'll open up to you
I know your love is true
I'll save myself for you
Cause I want you to feel me

Chorus
I'm standing here right now
I'll never let you down
I'll give my everything
Cause I want you to feel me
I'll open up to you
I know your heart is true
I'll save myself for you
Cause I want you to feel me

Chorus
I'm standing here right now
I'll never let you down
I'll give my everything
Cause I want you to feel me
I'll open up to you
I know your heart is true
I'll save myself for you
Cause I want you to feel me
