For a time I fell my faith it must be hiding  
Searching through the sky  
Hoping to find a way, a way  
To get me through the day  
Wonder where I belong  
Is this where I should stay

Chorus:

For a time I fell my faith it must be hiding  
Searching through the sky  
Hoping to find a way, a way  
To get me through the day  
Wonder where I belong  
Is this where I should stay

Chorus:

You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world  
Yeah your eyes' been believing  
In my life for whole new meaning  
Now I'm on top of the world, top of the whole outer  
world

It's just strange to be  
It seems I've forgotten  
Now I realize today I'm starting to dream again, again  
Was the matter on the wane  
I guess we all lose our way now and then

Chorus

You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world  
Yeah your eyes' been believing  
In my life for whole new meaning  
Now I'm on top of the world, top of the whole outer  
world  
You lift me up when I am falling  
You lift me up when I am falling

You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world

Yeah your eyes' been believing  
In my life for whole new meaning  
Now I'm on top of the world, top of the whole outer

It's just strange to be  
It seems I've forgotten  
Now I realize today I'm starting to dream again, again  
Was the matter on the wane  
I guess we all lose our way now and then

Chorus

You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world

Yeah your eyes' been believing  
In my life for whole new meaning  
Now I'm on top of the world, top of the whole outer  
world

You lift me up when I am falling  
You lift me up when I am falling  
You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world

You lift me up when I am falling  
You lift me up when I am falling

You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world

Yeah your eyes' been believing  
In my life for whole new meaning  
Now I'm on top of the world, top of the whole outer

You lift me up when I am falling  
You lift me up when I am falling  
You lift me up when I am falling  
You're my friend when I was calling  
Now I'm on top of the world, top of the whole outer  
world
