I love to love you  
I love to love you  
Some boys are full of noise  
But boy you caught my ear  
Wanna see if you got something to say  
No lies or alibies  
The nonsense stops here  
Be my friend or you could be on your way  
Play it smart boy  
(Watcha gonna do?)  
(Watcha gonna do?)  
If you wanna reach me  
Touch my heart boy  
(Watcha gonna do)  
(Watcha gonna do)  
'Cause that's how to please me  
What you want, I can be  
I'm the girl of your fantasy  
As long as you love me  
What you want, I can do  
But all I ask of you  
Is that baby you love me  
Some boys want pretty toys  
But I'm so much more  
Can't you see that I'm a girl you can trust?  
Get real with how you feel  
Around my back door  
Is this love or is it only a crush?  
Listen up boy  
(Watcha gonna do?)  
(Watcha gonna do?)  
And stop talking smack now  
Back it up boy  
(Watcha gonna do?)  
(Watcha gonna do?)  
Or step off that track now  
What you want, I can be  
I'm the girl of your fantasy  
As long as you love me  
What you want, I can do  
But all I ask of you  
Is that baby you love me

What you want I can be  
I'm the girl of your fantasy  
As long as you love me  
What you want, I can do  
But all I ask of you  
Is that baby you love me  
I love to love you  
Love... is this love?  
Does it fall from heaven above?  
Do you feel it boy?  
Can you feel me boy?  
Spoken:  
I know it's not right  
I know it's not wrong  
But right here, right now  
Is where we belong  
What you want, I can be  
I'm the girl of your fantasy  
As long as you love me  
What you want, I can do  
But all I ask of you  
Is that baby you love me  
What you want, I can be  
I'm the girl of your fantasy,  
As long as you love me  
What you want, I can do  
But all I ask of you  
Is that baby you love me  
What you want, I can be  
I'm the girl of your fantasy,  
As long as you love me
