Hubble bubble toil and trouble  
Hubble bubble toil and trouble

Drivin' down the street just the other day  
I saw this real fine girl and stopped and said 'You're  
goin' my way'  
She said 'Thanks for the ride but before I get inside  
There's just one thing that I wanna say'

Hubble bubble toil and trouble  
Hubble bubble toil and trouble

I drove her to her house and dropped her by her gate  
I thought, I'm doin' alright so I asked her for a date  
She said 'Meet me at nine and you'd better be on time

'Cos I'll hubble you to death if you show up late'

Hubble bubble toil and trouble  
Hubble bubble toil and trouble

What in the world is wrong with this chick now  
Somebody tell me what makes her tick now  
Some chicks do you wrong but this one wrongs you  
doubly  
I never saw a girl who was so hubbly bubbly

Hubble bubble toil and trouble  
Hubble bubble toil and trouble  
Hubble bubble toil and trouble  
Hubble bubble toil and trouble
