Baby, it's been hard for me since you've been gone
But you left me with the strength to carry on
Though it hurts so much, I've accepted the fact we're
through
'Cause the greatest gift in life I got from you

CHORUS:

Baby, baby, you gave me somebody to love
You gave me somebody to love
Wo wo, oh oh oh, oh oh oh, oh oh oh

Memories of nights when we stayed out till dawn
& every time we kissed, a brand new world was born
Baby, it's all right; go & do what you gotta do
'Cause the greatest gift in life I got from you

(chorus)

(instrumental)

Oh darlin', it's all right; go on, do what you gotta do
'Cause the greatest gift in life I got from you

(chorus)

(repeat title & fade)
