Manfred Mann's Earth Band - Fat Nelly

Fat Nelly was killed with a butcher's knife  
Nobody laughed, nobody cried  
And her blood ran red all over my life  
Nobody laughed, nobody cried

A street screamed rape by a garden gate  
Nobody laughed, nobody cried  
But the hinges were oiled the police came late  
Nobody laughed, nobody cried

Fat Nelly was killed with a butcher's knife  
Nobody laughed, nobody cried  
And her blood ran red all over my life  
Nobody laughed, nobody cried

A street screamed rape by a garden gate  
Nobody laughed, nobody cried  
But the hinges were oiled the police came late  
Nobody laughed, nobody cried
