Ah she takes just like a woman  
And then she makes love just like a woman  
And then she aches just like a woman  
But she breaks just like a little girl

Nobody feels any pain  
Tonight as I stand inside the rain  
Everybody knows that baby's got new clothes  
But lately I see her ribbons and her bows  
Have fallen from her curls

Ah she takes just like a woman (yes she does now)  
Makes love just like a woman  
I said she aches just like a woman  
But she breaks just like a little girl

Now I, I guess I just can't fit  
And I believe it's time for us to quit  
And when we meet again, introduced as friends  
Please don't let on that you knew me when  
I was hungry and it was your world

Ah you fake just like a woman (yes you do now now)  
You make love just like a woman  
And then you ache just like a woman  
But you break just like a little girl

(Just like a woman) when you do that you're so like a  
woman baby, now  
(Just like a woman) ohh I guess I love you now  
(Just like a woman) yes you're so like a woman baby,  
now.....fade
