Nem nÃ©ztÃ¼nk vissza,  
S mÃ¡r kÃ¼lÃ¶n utakon jÃ¡rtunk.  
Csend lett, Ã©s Ã¶jra elbÃ¶jt a Hold,  
S ami maradt, ezernyi megvÃ¡laszolatlan kÃ©rdÃ©s.  
Vajon ki fogja elÃ¡szÃ¶r meglÃ¡tni a Holdat?  
Ki fogja megvalÃ³sÃ­tani fÃ©lbehagyott Ã¡lmomat?

I can feel the waves,  
People screaming out,  
They don't see me,  
Not the real me.  
You were standing there,  
Brighter than the sun,  
My stone heart turn to flash,  
A flash inside my chest,  
Suddenly your light  
Lifts me higher, so higher!

You are my star,  
You are my superstar,  
You lighted up the world with stylen grace.  
I know who you are,  
But I never seen your face,  
Moments like this can't be erased, flash.

I wish I was so brave,  
You never needed state,  
Only someone to inspire,  
Your heart speaks in silence,  
but listens loudly,

You are my star,  
You are my superstar,  
You lighted up the world with stylen grace.  
I know who you are,

But I never seen your face,  
Moments like this can't be erased, flash.

S te elÃ©m Ã¡lltÃ¡l, azt mondtad, van valaki.  
Nem hittem el, hogy vÃ©ge.  
Nem hittem el, hogy elmÃ©sz.

Suddenly your light  
Lifts me higher, so higher!  
You are my star,  
You are my superstar,  
You lighted up the world with stylen grace,  
I know who you are,  
But I never seen your face,  
Moments like this can't be erased.

You are my star,  
You are my superstar,  
You lighted up the world with stylen grace,  
I know who you are,  
But I never seen your face,  
Moments like this can't be erased.
