Today I feel so lazy,
Don't know what to do with you,
Today I feel so dirty,
Don't wanna make love with you...

Don't know why but above me
My pain is all the same
This rain is killing me...
The life for one big party
I struggle to stay the same
This pain is killing me...

So let's go away in today find a way...
To keep up I have much every day every day
We have to roll but you gotta let it all I have

Today I feel so lazy,
Don't know what to do with you.
Today I feel so dirty,
Don't wanna make love with you...

Don't know why but above me
My pain is all the same,
This rain is killing me...
The life for one big party,
I struggle to stay the same,
This pain is killing me...

So let's go away in today find a way..
To keep I have much every day every day
We have to trail but you gotta let it all I have...

Today I feel so lazy,
Don't know what to do with you,
Today I feel so dirty,
Don't wanna make love to you...

Today I feel so lazy,
Don't know what to do with you,
Today I feel so dirty,
Don't wanna make love to you...

I feel so lazy...

I feel so dirty...

I feel so lazy...

I feel so dirty...

I feel so lazy...

I feel so dirty...

I feel so lazy...

I feel so dirty...
