"Moments Away"

You always said you would leave me
without turning back
you're so sure i could never endure
with my emotions in tact
You've such a sense of your confidence
in my obsession with you
I'd like to question those assumptions
but baby it's true
Moments away from these arms
you'll always be moments away from these arms
'cos no matter what i do, no matter what i say
you will always be sweet moments away
you'll always be sweet moments away
I know that now i must leave you

without turning back
it seems the pain of indifference
gives me the only courage i lack
It's not to say I will ever be over
this obsession with you
although my pride will make me stronger
I know that it's true
Moments away from these arms
you'll always be moments away from these arms
'cos no matter what i do, no matter what i say
you'll always be sweet moments away
