Endless nights
I'd play solitaire
Imagining that you were here
One night flights
Such heartless affairs
They froze the hopes of love in me
You suddenly appeared
Melted all my fears
Filled me with the love I need

You make me smile again
Like a child of three
And I believe it will turn out right baby
Oh you make me smile again
Hold me in your arms
Oh love, my love

Heart to heart
Our souls intertwine
Make love and float away with me
Twins of flame
A love so divine
I want to spend my life around you
Now, now I have the strength
Now I have the hopes
You give me all I need

To make me smile again
Like a child of three
And I believe it will work out right
Oh you make me smile again
Hold me in your arms
Oh love, my love

You make me smile again
Like a child of three
Oh I believe we'll live a dream for two
Oh you make me smile again
Hold me in your arms
Oh love, my love
