A boy, a girl, two souls that grow
Two different directions, away they go
How so? Well, to feel a flow
For love to show, we must know

To say what we mean, mean what we say
It's just like it seems, so take time to pray
For her, she will see love as a blur
That's when the pain will occur, word

She will fall so far and won't know who you are
Her strange heart won't see the danger
The passion for love, no way to save her

So treasure her heavenly pleasure
Beyond all measure, just reassure her
That you love her, that you love her

It's such a mystery
Sharing your passion pleasures
You wrestle with your soul
Your dreams won't last forever

It hurts to love it so
Who knows when the heart is a stranger's
Then pray for one who sees
Your way through the untold dangers

It's a world, it's alive
It's a look in your eyes
It's a touch, it's a kiss
It's a reason to fly

Women in love
Searching the night, looking for light
Praying for one who sees
Women in love
Hoping to find some peace of mind
Not just a fantasy

Women in love
A hopeless dream of love supreme

Not what it seems to be
Fall so far

Your fallen angel's come
Time torn from the heavenly fire
You'll have to bite your tongue
It's intensity's desire

You can say what you mean
Feel you know who you are
Looking into the eyes
Like a child in the dark

Women in love
Searching the night, looking for light
Praying for one who sees
Women in love
Hoping to find some peace of mind
Not just a fantasy

Women in love
A hopeless dream of love supreme
Not what it seems to be
Fall so hard

It's a world, it's alive
It's a look in your eyes
It's a touch, it's a kiss
It's a reason to fly

You can say what you mean
Feel you know who you are
Looking into the eyes
Like a child in the dark

Women in love
Searching the night, looking for light
Praying for one who sees
Women in love
Hoping to find some peace of mind
Not just a fantasy

Women in love
Into the night, lover's delight
Shaking in ecstasy
Women in love
Searching the night, looking for light
Praying for one who sees

Women in love
A hopeless dream of love supreme

Not what it seems to be
Fall so far
