I use to sit watching the clouds pass by
Empty days, when my heart would search the sky
Trapped in a world unseen; I would dream of a lady
Who'd erase these memories
If you're the one Iâ'm dreamin' of
Come leave this troubled world and fly above
Thru the skies of love

Dreamin' of you and me
Dreamin' lady of my dreams
Dreamin' of you and me
Dreamin' lady of my dreams

You took my heart right from the very start
Now my nights with you, are such tender rendezvous
Now it seems, you're the dream
You're the lady, that makes my dreams come true
You make my life worth living for
Come dim the lights and honey close the door
I'll give you so much more

Dreamin' of you and me
Dreamin' lady of my dreams
Dreamin' of you and me
Dreamin' lady of my dreams

I can't explain how it feels
I just know this love's for real
The night is young, the time has come
Baby tell me you're the one (that you're the one)

Dreamin' (baby come to me) of you and me (You'll see)
Dreamin' (our love will set us free) lady of my dreams
Dreamin' of you and me (beneath the sun)
Dreamin' (we'll fly above) lady of my dreams (fly above
baby)
Dreamin' (me and you) of you and me (come to me)
Dreamin' lady of my dreams (lady of my dreams)
Dreamin' (this new reality, just stepped out from my
lovely dream)
of you and me
Dreamin' (oh honey) lady of my dreams (you're my

dream)
Dreamin' of you and me (come to me)
Dreamin' lady of my dreams (lady of my dreams)
Dreamin' of you and me...
