Heart Failure

Intro

(Breathing)

Verse 1

Yeah I talk all day 'cause I walk a lot / and I'm looking to
get trees that I wanna cop / got drinks in my hand that I
wanna pop / got pills in my pants that I wanna pop /
many say Mani Dots is orthodox / and the girls call me
Mani Polka Dots / I gotta v-neck on you gotta open top /
come ride on me I gotta open top / gotta passenger
side where you need to sit / gotta lollipop on me if you
wanna a lick / get freaky all you want but please don't
spit / you'll know why people say I'm the shit / when you
free like a bird then they cage ya / swore that they
changed ya / and now you in danger (danger) /

Chorus

When your felt all alone/ and you in this position / you
just feel you got no pulse and your gone / 'cause you
gotta heart failure, failure / heart failure, failure / they
act they did you a favor to save ya / your looking for a
savior / 'cause they left you and played ya / now you
gotta heart failure, failure / heart failure, failure / heart
failure, failure / heart failure, failure / heart failure,
failure / heart failure, failure /

Verse 2

All these women they can leave if they leave if they
wanna / 'cause ima stay hot when I'm on like a sauna /
even hotter than the hustlers in the corner / no baggy
jeans keep it clean like a grown up / but if you cause a
scene ima be the run-up-oner / leave your organs in
different places like a donor / heart breaking got me
with no heart now I am stronger / my heart beats
stronger / and I'm not goner, goner /
