Kill Myself

Intro

Yeah... mic check one, two... or three, two, one... and I
don't needa think you needa check the mic I think you
needa check my head before you check this...

Chorus

I just wanna kill myself / 'cause I really wanna / but I can
not do it / he's tellin' me to do it / I just wanna kill
myself / 'cause my bay-bah left me / she told me just
forget me / now she wont accept me / I wanna kill
myself / I wanna kill myself / wanna kill myself / wanna
kill myself / I just wanna kill myself / wanna kill myself /
wanna kill myself / I just wanna kill myself / I just
wanna... /

Verse1

I can't kill myself 'cause I got a lot to go for me / silly of
me for thinking that so hope for me / you can not judge
me 'cause I'm speaking openly / after reinventing
myself I get better hopefully / I'm a mad scientist I'm
just tryna open me / literally diggin' in my now call me
Diggity / everybody's dead around me so they must be
pickin' me / I'm the new me ha-ha-ha-ha serendipity / If
I run presidento you just should be voting me / and I
plan to blow "huh?" / not talking sexually / or physically
/ ima nicotine ima dick-ted to me / or to you / ima drug
that'll never go sober / if you need anything I got what
it takes to never go sober / and if you wanna stay up in
the sky we can do this shit over... /

Chorus

Verse 2

I'm like a drug runnin' in your veins / I remain the same
/ I change up a little bit / for a litte bit / for the fuck of it /
for your benefit / 'cause when you drive / when your
high you might die and break the sky / loved ones cry /
tears in the angels eye / devil cries and laughs out of
his ass / like it's some sorta gas / I needa gas mask
fast / 'cause it smells like ass / I mean you / look at the

shit you do / shit pee you / I mean 'f' you fuck you / all I
want is my life back from myself / 'cause I reinvented
myself into a better self / now I can't help / I am more of
a man under my belt / I'm like a champ without a belt /
but with a soul / 'cause I never gave my soul to the devil
/ and now they asking me like he needs another rebel /
and now I'm unfolding the chair / and I'm thinking
heavenly /

Chorus
