### Operation

Mani Dots and I'm from the blow / I dissect myself and I  
gave 'em my all / I gave em my heart and I gave 'em  
my soul / and they tried to stick to me but I aint velcro /  
everything was bad now it's time to switch / got my  
heart broken oh well now I'm stitched / I am fucking evil  
if you take away the d / when I let 'em go they just  
seem to drop real deep / I murder beats just cover  
them with sheets / I'm a fucking beast / and their  
sheeps / came from the bottom which I came from the  
streets / can never be a herbivore I gotta have the beef  
/ Mani Dots came up right under your feet / and now I'm  
on the top somewhere you can't see / blame me  
literally from moving these keys / Noman Mani Dots  
Awan commander in chief... yeah /

### Chorus

Ima-ima-a-ima a inventor / and I'm creating-creating-a-  
a-a-monster / so I can take over take over the whole  
wide world / it's a pinky and the brain operation / Ima-  
ima-a-ima a inventor / and I'm creating-creating-a-a-a-  
monster / so I can take over take over the whole wide  
world / it's a pinky and the brain operation /

### Verse 2

Didn't have a master I was holding on my leash / and I  
aint a fucking punk word to my peeps / I was born to die  
screaming get ready for me / and I was born to ride I  
don't call myself a "g" / and ima grown man shall I  
proceed / I stay on the sky I don't need a smoke trees /  
forget Tennessee 'cause I'm the ten-that-ya-see / going  
head high on the top you'll see/ now let me get this  
motherfucker right off of me / this mad scientist trying  
shit on me / I am strapped on the table and he's trying  
shit on me / ima monster believe me he got nothing on  
me / cutting up my skin puttin' instruments in me / and  
he got his eye on me like he's watching TV / hunchback  
side kick holding up a nee / die by my arm tryna stick it  
up in me / tryna make me doze off and make another  
me / they need me / 'cause they depending on me /  
and I'm tryna find a great escape cutting out the leads  
/ finding my way out and I will be free /
