The eve on the death bed  
Preparation for the way to God  
Firm belief in the salvation of soul  
Readness to die

The whole life with faithfulness to the Master  
Suffering from His trials  
Wallowing in dust under His legs  
For acquirement of His favour

The "loving" of enemies  
Exposing of the other face  
The humble surviving in fear  
The boasting about suffering

But only one  
Your real pleasure  
Trust that your torturers  
Won't avoid the hand of God

You are writhing in heavy convulsion  
On the verge of agony  
Whilst your night mares  
Have still a lot of strenghts

Awakening from a dark dream  
Just before the coming of eternal sleep  
Disclosure of severe truth about God  
Only too late... !

The loss of trust in the power of God  
Misbelief in his justice  
Life wasted in lies and fear  
Late throwing off of Christian fetters

Sudden fear from death  
The rage towards powerlessness of a dying body  
Disinterest in confession and absolution  
Only enormous longing for revenge

Awakening in death  
Revenge instead of confession

Volcano of unbelief and hate  
Erupts in your mind

You hate all livng people  
Your only wish is the revenge upon them  
You wasted your time - you are dying  
You are leaving without revenge!
