I'm in love with the DJ!

I see you standing on the floor
Body screaming, "give me more!"
Get a bottle of Patron, take a shot, take a shot!
Party rocking round the world, she can be my only girl
Catch us watching the horizon
Cause I know you like it loud!
Hold, hold, tight, tight, yes, here we go!
Order up another bottle, party like a supermodel
Manian will keep us dancing while we're over here
romancing
Come and get it while it's hot,
Like a horizon we be glancing!

I'm gonna dance forever
And disco lights will shine my way!
Cause tonight we're together
We're going up up, oh oh
I'm in love with the DJ!
I'm gonna dance forever
And disco lights will shine my way!
Cause tonight we're together
We're going up up, oh oh
I'm in love with the DJ!
Oh oh oh oh
I'm in love with the DJ!
Oh oh oh oh
Shine my, shine my way!
Oh oh oh oh
I'm in love with the DJ!
Oh oh oh oh

Let's get right back to the topic
Way before you tell me stop it
Take you shopping every day
Cop you that, cop you that!
Even though I only met you,
Pretty sure I won't forget you
So let's get it on the floor
Because the club about to shake!

Grab a hold, tight, yes, here we go
Order up another bottle, party like a supermodel
Manian will keep us dancing while we're over here
romancing
Come and get it while it's hot,
Like a horizon we be glancing!

I'm gonna dance forever
And disco lights will shine my way!
Cause tonight we're together
We're going up up, oh oh
I'm in love with the...

I know you like it loud!
I know you like it on the floor!
I know you like it loud!
Oh oh oh, oh oh oh
Shine my, shine my way!
Oh oh oh, oh oh oh
I'm in love with the DJ!

I'm gonna dance forever
And disco lights will shine my way!
Cause tonight we're together
We're going up up, oh oh
I'm in love with the DJ!
Oh oh oh oh
I'm in love with the DJ!
Oh oh oh oh
Shine my, shine my way!
Oh oh oh oh
I'm in love with the DJ!
Oh oh oh oh
I'm in love with the DJ!
