I will find a different way to say,
"You're gonna have to change everything you make,
You're gonna have to reword every metaphor you've
used
So that people who are hearing aren't confused."
That's the most important thing you do,
Detail every ounce of pain that you went through.
Make sure you leave something there to show the way
back.
Make sure you leave something there to show the way
back.

Every way you wonder if you're wrong.
Every way you wonder if you're wrong.
Inaccurate and emphasize,
There is no gift without a price.

I'm so mistaken, lost my direction.
My souls been shaken.

I will find a different way to go.
There's no signs to lie to guide you on that road,
And if it's the most important thing you'll say,
Make sure they understand.

Every way you wonder if you're wrong.
Every way you wonder if you're wrong.
Inaccurate and emphasize,
There is no gift without a price.

I'm so mistaken, lost my direction.
My souls been shaken.

Every way you wonder if you're wrong.
Every way you wonder if you're wrong.
Inaccurate and emphasize,
There is no gift without a price
