Dont say a word
Dont be grateful if I ever made you laugh
Let's make believe whats at stake
Here's more than just your reputation

She's got the photos but no recollection
He's got the motive but no transportation

Purely courteous across my chest
Are you cutting me out?
Now after crawling inside?

[Chorus]
Turn away your head
What do I deserve, what do I deserve instead?
It's a surprise you havent caught on yet
It's nothing personal you're an embarrassment
Don't cut me out

We're offering nothing but the best accomidations
Just tell us who you are
Just tell us who you are.

We're offering nothing but the best accomidations
Just tell us who you are
Just tell us who you are.

Turn away your head
What do I deserve, what do I deserve instead?
It's a surprise you havent caught on yet
It's nothing personal you're an embarrassment
Don't cut me out

It's a surprise you havent caught on yet
It's nothing personal you're an embarrassment
Don't cut me out
