### "The Most Dangerous Commercials"

We've been terrorized  
With television problems  
At sale price  
Well if it's too good to be true  
We've been terrorized  
With air-conditioned issues  
In spare times  
Well if it's too good to be true  
I can't live without you

I've pretended to care for hours  
I've pretended to care for days

But your mouth never closed  
Your excuses are filled with holes  
Suppose you're being lied to  
Would you ever even know?

We've been terrorized  
With air-conditioned issues  
And spare crimes  
What do you believe in more  
We've been terrorized  
The oldest magician returns  
To steal your soul  
(What do you believe in more?)

There's a special logic that grows with commercial  
perversion  
(It'll put your mind at ease)  
Just to be safe  
(It'll put your mind at ease)  
It's like being blindfolded all the time

But your mouth never closed  
Your excuses are filled with holes  
Suppose you're being lied to  
Would you ever even know? Oh

Cause you'll be compensated for your testimonial

Just do your best to make it feel as real as possible  
Cause you'll become ok with all the things you didn't  
know  
Just to your best to make it seem natural

We've been terrorized  
With television problems  
At full price  
Well if it's too good to be true  
We've been terrorized  
With air-conditioned issues  
In spare times  
Well if it's too good to be true  
We've been terrorized [x4]

We'll be the last to know and the first ones to go
