"Carry Us All"

I heard a whisper on my radio
but i paid no mind
just sat back and i let it go
to catch the rain from a lonely waterfall
but i might beware
cause they could drown me like a dog

they got me running in out of time
i feel like i'm bona fide
keeper of the right and wrong
and i've known all along
so let me just make it clear

everbody's going for a quick surefire solution
but faith in any god will only bury us all
no one's gonna fight in a ten bob revolution
have faith in what you got
and it will carry us all
carry us all

i slip my skin
as the prophets reappear
but i pay no mind
i'm just trying to persevere
with the sins i have to shake from me within
but i might beware
cause they're just trying to wear me thin
they got me running in out of time
i feel like i'm bona fide
keeper of the right and wrong
and i've known all along
but let me just make it clear

everbody's going for a quick surefire solution
but faith in any god is gonna bury us all
no ones gonna fight in your ten bob revolution
have faith in what we got
and it will carry us all
carry us all

(guitar solo)

aahhhhhhhh
aahhhhhhhh
aahhhhhhhh

everbody's going for a quick surefire solution
but faith in any god is gonna bury us all
no one's gonna fight in your ten bob revolution
have faith in what you got
and it will carry us all
carry us all
carry us all

(i've pulled my fuckin' groin)
