Chorus

Put my head up against the wall
I couldn't help but stall
With eleven regrets and one flower
I'm lost and I'm ashamed
Cause all I have to give
Is eleven regrets and one flower

My God what I have become?
A broken man with no second chances
Who am I to say that you're to blame?

I want to be who I say I am
But my actions show that I modestly can't
Have I tuned into what I hate?

CHORUS

Consequences are interesting
When the thorns penetrate
But can't go deep enough to bleed
Oh I wish right now that was the case

What Kind example am I
If I continue this way defiling my life?
What if they knew me like You do?

And I wonder what You think
When You're staring down at me
Is it time to intervene?

CHORUS

And I wonder what You think
When You're staring down at me
Is it time to intervene?
And I wonder what she'll think
When she's staring down at me
Maybe it's time to intervene?
