We use ourselves like politicians  
For all the money and indecision - indecision  
Indecision

Feels like there's no escape  
Except through my hate  
Second hand germ warfare  
Denied oxygen everywhere

Like a stunned fox - with memory loss  
A sad numb creature - I worship the painkiller  
It is my epicentre  
It is my epicentre

Non-existent energy adrenalin my God  
Still clinging to the umbilical chord - umbilical chord  
I'm breaking and I'm shaking - so delete the feeling  
Beneath the real thing - delete the feeling - delete the  
feeling

Like a stunned fox - with memory loss  
A sad numb creature - I worship the painkiller  
It is my epicentre  
It is my epicentre

I'm sleeping myself away  
Into the blurred life of yesterday  
I'm tip-tip-a-tapping tip-tip-a-tapping  
My nerves are destroyed

Feels like there's no escape  
Except through my hate  
Second hand germ warfare  
Denied oxygen everywhere

Like a stunned fox - with memory loss  
A sad numb creature - I worship the painkiller  
This is my epicentre  
This is my epicentre

You don't drink - you don't get high

So make sure you take your medicine boy  
You don't drink - you don't get high  
So make sure you take your medicine boy

This is my epicentre

Happy black days, here's the summer (here's the  
summer)

Happy black days, here's the summer (here's the  
summer)

Happy black days, here's the summer (here's the  
summer)

Happy black days, here's the summer (here's the  
summer)

Happy black days, here's the summer (here's the  
summer)

Happy black days, here's the summer (here's the  
summer)
