I feel like speed  
I feel like liquid  
I give into you  
I melt into you  
I felt like nothing  
I've said and done it  
I fall into you  
I fall into you

I don't need anyone  
except for someone that I don't know  
I don't need anyone  
except for someone I've not found

Your signature is on my hip  
a kiss from you still on my lips  
I am entire, I am finally one  
but the moment is long gone

I don't need anyone  
except for someone that I don't know  
I don't need anyone  
except for someone I've not found
