My homeboy is a joto and he's outta control [4x]

Homeboy is a joto and he's outta control  
He's got verga on the brain, he's outta control  
My homeboy is a joto and he's outta control  
He's got verga on the brain!

Ever since my homeboy got outta the pinta  
He's been lookin' at me strange and trippin' me out  
Then the other day I heard he tried to grope Creeper  
Hijo le chingau, my homies comin' out

Now what are we gonna do

Our homeboy's a joto, and he's outta control  
He's got verga on the brain, he's outta control  
[2x]

Saturday night and we're gonna go cruisin'  
But his idea of cruisin' is different than mine  
I wanna see my heinas on Pico Aliso  
But he heads to West Hollywood to cruise for chorizo

Now what are we gonna do  
Our homeboy is a joto, and he's outta control  
He's got verga on the brain, he's outta control  
Our homeboy is a joto, and he's outta control  
He's got verga on the brain!

Now what are we gonna do  
Our homeboy's a joto, and he's outta control  
He's got verga on the brain, he's outta control  
[2x]

Our homeboy is a joto, and he's outta control  
He's got verga on the brain!

Our homeboy is a joto, and he's outta control [4x]
