Say what you say
Put your money where your mouth is
And live dangerously
Is your mouth where your mind is?
Yes I've compromised
But I've never lived a lie
My aim is not to force the truth
I'd hate to say that I told you
Do I offend? Am I out of line?
Cause it could end at any given time

CHORUS:

Godsent rock and roller
Sing about your money making Jesus
Godsent rock and roller
You're so obvious
Cause it could end at any given time
Godsent rock and roller
Write your hit and make the J count average
Say what you say but it don't mean a thing to me
Put your money where your mouth is

Live how you live
I'm not demanding that you change
Waste your time on these
Material things
That will die with you one day
I know that I've have regrets
But I know where I will rest
Sing your melodies
But would you ever think to die for it
Like many men who have devoted their whole lives for
it
When it all comes down to it
Would you live your life in faith?
Or is this just another little word game?
My aim is not to force the truth
I'd hate to say that I told you
Do I offend? Am I out of line?
Cause it could end at any given time
