(A. Vandenberg)

There are times you're flyin', there are times you burn
Sometimes you feel like dyin', there's so much to learn,
now baby

You tell me that you suffer, tell me that you're sad
Take a look around you baby, things can't be that bad
Chorus:

Ride the wind, ride the storm, take your life in your own
hands

'Cause you know each man is born alone
Is born alone

Don't waste your time with waiting for the clouds to
clear

Don't waste your time hesitating, live a life of fear
'Cause you're the one, you're the one, yeah it's all in
own hands

Hold on to your fantasies, hold on, hold on
(chorus)

Ride the wind, ride the storm, spread your wings
across the sky, yeah

It's your turn to fly on your own
All alone on your own, yeah you gotta fly
You just gotta let it go, let it go

'Cause in your mind, yeah yeah, it's time to fly
(Solo)

Ride the wind, won't you ride the storm, take your life in
your own hands

'Cause you know each man is born alone
Ride the wind, yeah won't you ride the storm, spread
your wings across the sky

'Cause it's your turn to fly on your own, on your own
