Detoxification
Purification
The ravaged corner
Cold and embittered

Run away - run away as fast as you can
From anything that needs discipline

The year of purification
The year of purification

Deification
Depopulation
Crescendo of craving
Sullen and distorted

Run away - run away as fast as you can
From anything that needs discipline

The year of purification
The year of
The year of purification
The year of purification

What have I said?
What have I said again?
I regret everything

Moral little shit-kickers
Liberal asinine pricks

Run away - run away as fast as you can
From anything that needs discipline

The year of purification
The year of
The year of purification
The year of purification
