(music: A. Vandenberg, lyrics: R. Young)

You're pushin' me out to the edge, you're winding me
up 'till I see red
Don't even care just what you say
No grace, no taste, and even worse, you're in my face -
yeah yeah
You're turnin' me until I'm screwed, you're tearin' me
up with your abuse
You make me so ballistic, you're gettin' so sadistic
No man could stand, this time it's gonna hit the fan
You're gettin' so obscene, whatever made you get so
mean, yeah
You thrive on tyranny, it's plain to see that you're
Chorus:
Pushin' me, pushin' me, pushin' me, pushin' me, then
pushin' some more
Pushin' me, pushin' me, out to the Nth degree, you're
pushin' me
You're gettin' me so damn excited, you're pushin' my
buttons more and more
The fight that you incite, I think it starts tonite
This day, no way, this time, I just can't walk away
Whatever made you blind, whatever made you lose
your mind, yeah

A pure absurdity, it's plain to see that you're
(chorus)

Yeah yeah, yeah yeah, you're pushin' me

(Solo)

You're pushin' me out to the edge
No grace no taste, even worse, you're in my face
You're gettin' so obscene, whatever made you get so
mean
You thrive on tyranny, it's plain to see that you're
(chorus) - yeah yeah, yeah yeah
Pushin' me, it is plain to see, pushin' me
Pushin' me, now you're in my face, pushin' me
Pushin' me
