MANIC RAGE

Take advantage again

Forget me
Displace me
Erase me from your memory
Drain me
Waste me
Hate me as an enemy

Stomp me to the bottom
Take advantage again
I feel like IÂ'm not a person
Drowning in all this sin
Take me down and under
Back to where I belong
I feel the roles of thunder
When you take advantage
Aaaaaah!

Forget me
Displace me
Erase me from your memory
Drain me
Waste me
Do everything you can to break me

Stomp me to the bottom
Take advantage again
I feel like IÂ'm not a person
Drowning in all this sin
Take me down and under
Back to where I belong
I feel the roles of thunder
When you take advantage of me
Take advantage again
Take advantage again
Take advantage again
Take advantage, Aaaaaah!
