WASTED IT ALL

Remember when you lost the bet
And you said it was my fault?
Remember when I got depressed
Did you even care at all?
You said I shouldn't like my friends
You said that they were scum
I guess that's what I thought of you
When you cheated on my mum

But when you're old and lonely
What you gonna do?
You walked out on your family
And now they don't want you
You'll fall back into gambling
In search of something good
You could have had a family
Who could have had a dad
We could have had a dad
We could have had a dad
We could have had a dad

Remember when you won the bet
You gave us nothing at all
Remember when I got depressed
It was partly your fault
You could have kept your wife
You could have kept your kids
Instead you gambled your life
Into a great big pile of shit

And now you're getting lonely
What you gonna do?
You walked out on your family
And now they don't want you
You'll fall back into gambling
Again you'll get fucked up
You could have had a family
Who could have had a dad
We could have had a dad
We could have had a dad

We could have had a dad
We could have had a dad!!!
