The gap that grows between our lives  
The gap our parents never had  
Stop those thoughts control your mind  
Replace the things that you despise

Oh you're old I hear you say  
It Doesn't mean that I don't care  
I don't believe in it anymore  
Pathetic acts for a worthless cause.

In the beginning when we were wining when our smiles were genuine  
In the beginning when we were wining when our smiles were genuine  
But now unforgiven the everlasting everlasting.

The world is full of refugees  
They're just like you and just like me  
But as people we have a choice  
To end the void with all it's force

So don't forget or don't pretend  
It's all the same now in the end  
It was said in a different life  
Destroys my days and haunts my nights?

In the beginning when we were wining when our smiles were genuine  
In the beginning when we were wining when our smiles were genuine  
But now unforgiven the everlasting everlasting

In the beginning when we were wining when our smiles were genuine  
In the beginning when we were wining when our smiles were genuine  
But now unforgiving the everlasting everlasting  
But now unforgiving the everlasting everlasting.
