If God persists, persists in saying yes  
I guess we'll have, we'll have to test ourselves  
Maybe the summer will come and clear our minds  
And find the impulse to love the sunshine

I guess we'll have to test  
Until there's nothing left  
We said the truth was fixed  
It's lost without a trace

This crime is eternity  
When time lost its certainty  
The Indian summer

And maybe this time we'll kiss and we'll not shake  
hands  
Indian summer, still hurt and broken  
And leave all this material belief  
Remember the reasons, the reasons that made us be

I guess we'll have to test  
What's darker than ourselves  
We said the truth was fixed  
It's lost without a trace

This crime is eternity  
When time lost its certainty  
The Indian summer

The Indian summer  
The Indian summer  
The Indian summer

I guess we'll have to test  
Until there's nothing left  
We said the truth was fixed  
It's lost without a trace

This crime is eternity  
When time lost its certainty  
The Indian summer

The Indian summer  
The Indian summer  
The Indian summer
