It's better people love one another
cause livin' your life can be tough
it's better people speak to each other
your shame is not enough
if everybody came alive and stayed alive
and lived their lives instead yeah
so come outside and feel the light
it's cold inside but its lonely in your bed
in your bed

you thought we might be
but what you heard before
was only sleeping in your bed
but if you came with me
the days would never end
they'd never be the same
same
they'd never be the same
same
they'd never be the same
same
never be the same
same

it's better people love one another
cause livin' your life can be tough
it's better people speak to each other
your shame is not enough
if everybody came alive and stayed alive
and lived their lives instead yeah
so come outside and feel the light
it's cold inside and its lonely in your bed
in your bed

you thought we might be
what you heard before
was only sleeping in your bed
but if you came with me
the days would never end
they'd never be the same
same
they'd never be the same

same
lets just go by a different name
name
they'd never be the same
same
whooooo!!!
