Revolution, revolution, revolution

Never ever wanted to be with you
The only thing you gave me was the boredom I
suffocate in, oh
Adrift in cheap dreams, don't stop the rain
Numbed out in piss towns just wanna dig their graves,
ooh

Motown, Motown junk
I laughed when Lennon got shot
21 years of living and nothing means anything to me

Motown junk a lifetime of slavery
Songs of love echo, underclass betrayal
Stops your heart beating for 1-6-8 seconds
Stops your brain thinking for 1-6-8 seconds
Motown junk, motown junk, motown junk, motown junk

I don't want 'cause I just get
All your slut heroes offer is a fear of the future, ooh
Past made useless and I'm dying now
Communal tyranny a jail that bleeds our wrists, ooh

Motown, Motown junk
I laughed when Lennon got shot
21 years of living and nothing means anything to me

Motown junk a lifetime of slavery
Songs of love echo, underclass betrayal
Stops your heart beating for 1-6-8 seconds
Stops your brain thinking for 1-6-8 seconds
Motown junk, Motown junk, Motown junk, Motown junk

Motown junk a lifetime of slavery
Songs of love echo, underclass betrayal
Stops your heart beating for [Incomprehensible]
seconds
Stops your brain thinking for [Incomprehensible]
seconds
Motown junk, Motown junk, Motown junk, Motown junk
Junka, junka, junka, junka, junka

We live in urban hell, we destroy rock 'n' roll
