Teacher starve your child, P.C. approved  
As long as the right words are used  
Systemised atrocity ignored  
As long as bi-lingual signs on view  
Ten foot sign in Oxford Street  
Be pure - be vigilant - behave  
Grey not neon, grey not real  
Life bleeds, death is your birthright  
P.C. she speaks impotent, sterile, naive, blind, atheist,  
sadist,  
stiff-upper lip, first principle of her silence, of her  
silence

PCP - a P.C. police victory  
PCP - a P.C. pyrrhic victory  
When I was young P.C. meant Police Constable  
Nowadays I can't seem to tell the difference

Liposuction for your bad mouth boy  
Cut out your tongue, effigies are sold  
Words discoloured, bow to the bland  
Heal yourself with sinner's salt  
Doctors arrested for euthanasia  
Kill smokers through blind vanity  
If you're fat don't get ill  
Europe's gravestone carved in plastic  
P.C. she says inoculate, hallucinate, beware  
Shakespeare,  
bring fresh air, king cigarette snuffed out by her  
midgets, by her midgets

PCP - a P.C. police victory  
PCP - a P.C. pyrrhic victory  
When I was young P.C. meant Police Constable  
Nowadays I can't seem to tell the difference

P.C. caresses bigots and big brother, read Leviticus,  
learnt censorship, pro-life equals anti-choice, to be  
scared of, of feathers

PCP - a P.C. police victory  
PCP - a P.C. pyrrhic victory

When I was young P.C. meant Police Constable  
Nowadays I can't seem to tell the difference

Lawyers before love, surrogate sex  
This land bows down to  
Yours, unconditional love and hate  
Pass the prozac, designer amnesiac

227 Lears and I can't remember the first line...
