### **"Pretension / Repulsion"**

Sickened and housed street death's burned  
Blacked, lived, compelled and cold  
Closed down and swallowed formed and regained  
Blacked, curt, gloat and discerned

Shot from shot  
The androgyny fails  
Odalisque by Ingres  
Yet your bones for sale  
Pornographic, this is pornographic  
Pornographic

Expertly clothed amazed and perturbed  
Assumed annoyed and ceased  
Bow down together  
Agonised and locked  
Mixed, sealed and received
