Rendition, rendition, blame it on the coalition  
All the air miles that are missing, oh I wish we still had  
Jack Lemmon  
Rendition, rendition, I never knew the sky was a prison  
It's a long hard revolution, oh good God, I feel like a  
liberal

For tomorrow I will beg, steal and borrow  
Another moment of joy, pain and sorrow  
I wish I knew what I did wrong  
Could anybody hear the screaming of us?  
The screaming of us in the long hard revolution

Rendition, rendition, blame it on the coalition  
The CIA will stay invisible, oh good God, I sound like a  
liberal  
Rendition, rendition, I never knew the sky was a prison  
It's a long hard revolution, oh good God, I feel like a  
liberal

For tomorrow I will beg, steal and borrow  
Another moment of joy, pain and sorrow  
I wish I knew what I did wrong  
Could anybody hear the screaming of us?  
The screaming of us in the long revolution

For tomorrow I will beg, steal and borrow  
Another moment of joy, pain and sorrow  
I wish I knew what I did wrong  
Could anybody hear the screaming of us?  
The screaming of us in the long revolution
