When the sunshine beckons to you  
And your wings begin to unfold  
The thoughts you bring and the songs you sing  
Are gonna keep me from the cold  
And if a soul is hidden among ya  
And it's words may rule my soul  
You can fill me up with what you got  
Cus my hearts meant to keep it all

She is love, and her ways are high and steep  
She is love, and I believe her when she speaks  
Love, and her ways are high and steep  
She is love, and I believe I do believe her when she  
speaks

You read all my thoughts of passion  
And the dreams of my delight  
Whatever stirs my mottled frame  
Well you keep it warm at night  
I don't know where you come from  
And no I haven't got a clue  
All I know is I'm in love  
With someone who loves me too

She is love, and her ways are high and steep  
She is love, and I believe her when she speaks  
Love, and her ways are high and steep  
She is love, and I believe I do believe her when she  
speaks

She is love, and her ways are high and steep  
She is love, and I believe her when she speaks  
She is love, and her ways are high and steep  
She is love, and I believe I do believe her when she  
speaks

I do believe her when she speaks  
I do believe her when she speaks  
I do believe her when she speaks
