Supersonic waves music goes on
coke n smoke movin on thrust
you rush smokin coke

as centuries and time pass movin up to now and
then world supremacy captain of music universe
shooting lazer hi tech digital outcasts outlast
mass combat high components face opponents of
the all new federal bureau

blast lazars with new music phasers operate to
the max in european american yugoslavian side
effects become standard advancing alternating
all beyond music time moogs and oberheims
yamahas and dx sevens from canada to the
netherlands russian activity in the city G is also
of a high ability

point you in the right direction take off! NASA
flight height cruise mastermind run in your
veins like an intravenous doctor operation
watching VHS data security staff islands
surrounded by sharks and alligators night light
on the night house boots music goes on break it
down lyrical format step to build the rap to
