Detoxification

Purification

The ravaged corner

Cold and embittered

Run away - run away as fast as you can

From anything that needs discipline

The year of purification

The year of purification

Deification

Depopulation

Crescendo of craving

Sullen and distorted

Run away - run away as fast as you can

From anything that needs discipline

The year of purification

The year of

The year of purification

The year of purification

What have I said?

What have I said again?

I regret everything

Moral little shit-kickers

Liberal asinine pricks

Run away - run away as fast as you can

From anything that needs discipline

The year of purification

The year of

The year of purification

The year of purification
