Your love alone is not enough  
Not enough, not enough  
When times get tough, they get tough  
They get tough, they get tough

Trade all your heroes in for ghosts  
In for ghosts, in for ghosts  
They're always the ones that love you most  
Love you most, love you most

Your love alone is not enough  
Not enough, not enough  
It's what you felt, it's what you said  
What you said, what you said

You said the sky would fall on you  
Fall on you, fall on you  
Through all the pain your eyes stayed blue  
They stayed blue, baby blue

But your love alone won't save the world  
You knew the secret of the universe  
Despite it all you made it worse  
It left you lonely, it left you cursed

You stole the sun straight from my heart  
From my heart, from my heart  
With no excuses just fell apart  
Fell apart, fell apart

No, you won't make a mess of me  
Mess of me, mess of me  
For you're as blind as a man can be  
Man can be, man can be

I could have seen for miles and miles  
I could have made you feel alive  
I could have placed us in exile  
I could have written all your lines  
I could have shown you how to cry

Your love alone is not enough

Your love alone is not enough

I could have shown you

I showed you how to cry

Your love alone is not enough

Your love alone
