The sprit of the ice  
Will lead us through this fight for life  
Manilla shall be free  
From the clone of war they call The Priest

We pray we do not fall  
And waste our lives for no avail  
The Crystal leads our way  
We will live through the second doomsday

Who do you see?  
The power of fire in me  
I have to use it  
I won't abuse it  
We must set Manilla free

The emerald towers rise  
I seems as though they touch the sky  
The Golden bridge of Zor  
Sapphire heat that melts the cold

In the court I see  
The mighty clone they call The Priest  
The battle rages on  
In the Court of Avalon

Who do you see?  
The power of fire in me  
I have to use it  
I won't abuse it  
We must set Manilla free

We'll carry on

We've got to fight for the son  
All my feelings  
They send me reeling  
Through the Court of Avalon

I knew the time would come  
When final justice would be done  
The freedom fighters few

Gone through hell all for you

The city free at last  
We've finally shed our turmoiled past  
Ice Spirit she sails on  
We won the war in the Court of Avalon

Who do you see?  
The power of fire in me  
I have to use it  
I won't abuse it  
We must set Manilla free

We'll carry on  
We've got to fight for the son  
All my feelings  
Send me reeling  
Through the Court of Avalon
