Odin's ravens soar again  
Across the planes  
The eyes and ears  
Of Valhalla

Huginn and Muninn by name  
Fly o'er the plains  
Thought and memory  
of the all-father

Oh their eyes see  
Fires of Midgard  
As they cross  
The rainbow bridge

Oh theirs ears bleed  
From screams of war  
Deathly magik  
Come from the abyss

O'er the bridge black wings doth sail  
Bringing the tale  
Of blasphemy

And resurrection

To the hall where Wotan hails  
Singing the tale  
Of Midgards  
Death and decimation

Oh their eyes see  
Fires of Midgard  
As they cross  
The rainbow bridge

Oh their ears bleed  
From screams of war  
Deathly magik  
Come from the abyss
