Mountain of wisdom,  
Of music and light  
Muse of all vision,  
Grant us the Waters of Life  
Seeking the mountain,  
Apollo's sacred realm,  
Where the Muses dwell,  
Inside the Crystal Well

Forest that echos,  
Songs of the brave  
Children of Delos,  
Guarding the mystical gate  
Magik the knowledge,  
Of the ancient gods  
I must carry on,  
Seeking Helicon

I've crossed many wastelands,  
And sailed to all shores,  
In search of the mountain,  
Written in ancient lore  
And the in my dreaming,  
The Lady came unto me,  
To show me destiny,  
The path I was to lead

Then came the logic,  
Truth of all life  
The gateways of Magik,  
Are centered inside the mind

Power and wisdom,  
Knowledge and eight fold law,  
The music of the gods,  
Lives on Helicon

The Veils of Existence,  
Gateway to the sphere  
Triad of justice,  
A riddle sung to the ear  
Darkness and Chaos,

Bow before thy might  
Blessed be the light,  
That burns away the night

Pegasis flying,  
Across emerald skies  
Warrior-Bards fighting,  
To open the gates of the mind  
An inner existence,  
Possessed by us all,  
Who fight till the fall,  
Here on Helicon

War at the Gates  
Guardians of light,  
Defend The Fates,  
Into the battle, storm this night
