1st verse

Rising swords

Lead the sons into the battle.

Rising stars mark this night,

The Dragon is reborn.

Demon Lords

Shall not fell me from the saddle.

Tiw and Mars mark this night,

We blow the victory horn.

Blow on.

Chorus

To wait till tomorrow

Is for fools in their sorrow.

It's now or never

It's the hour of the Dragon.

2nd Verse

Muse of chords

Raise the Dragon from the castle.

Northern stars burning bright,

We free the Holy Sword.

Face the Horde

Die for glory and Valhalla.

Fires of Mars burn this night.

Ride with the Dragon Lord

Ride on.

Chorus

To wait till tomorrow

Is for fools in their sorrow.

It's now or never.

It's the hour of the Dragon.
